ABOUT ME

Passionate Android Developer with knowledge of Java, XML, Firebase, and modern Android application development. Skilled in creating responsive user interfaces, integrating APIs, and building user-friendly mobile applications. Enthusiastic about UI/UX design, problem-solving, and learning new technologies. Dedicated to developing innovative and high-performance Android apps with clean and modern designs.

Major Project

- **FortQuest –“Explore the Glory of Ancient Forts Through Animation**
 - Developed an educational Android app about historical forts.
 - Added quizzes, videos, and interactive learning features.
 - Designed modern UI using Java, XML, and Firebase.
 - Implemented smooth navigation and responsive layouts.
 - Focused on engaging and user-friendly experience.
- **CareerCraft AI**
 - Developed an AI-based resume builder and career guidance app.
 - Designed clean and modern Android UI/UX.
 - Added interview preparation and productivity features.
 - Integrated Firebase and responsive layouts.

Redesign and UI Enhancement Projects

- **IRCTC App Redesign**
 - Redesigned the IRCTC app with modern UI.
 - Improved booking flow and navigation system.
 - Enhanced responsiveness and user experience.
 - Applied clean Material Design principles.
- **Nashik City Bus App Redesign**
 - Redesigned the Nashik City Bus app interface.
 - Improved route visibility and navigation flow.
 - Created clean and responsive layouts.
 - Enhanced overall commuter experience.

Mini Projects

Jarvis(personal AI assistant)

Voice-controlled Android assistant with smart command and automation features.

Food Delivery App

Modern food ordering Android app with restaurant listings and responsive UI.

Attendance Management App

Android application for managing and tracking student attendance digitally.

Achivement

- Developed Multiple Android Applications using Java, XML, and Firebase.
- Continuously Improving UI/UX Skills through Application Redesign Projects.
- Strong Problem-Solving and Debugging Skills in Android Development.
- Passionate Learner with Interest in Exploring New Technologies.
