PROFESSIONAL SUMMARY

Innovative and detail-oriented Android Developer and UI/UX Designer with a background in Cloud Computing and Big Data. Proven track record of developing functional, responsive mobile applications using Java, Kotlin, and Firebase, complemented by professional UI/UX design expertise in Figma and Material Design guidelines. Passionate about bridging the gap between elegant aesthetics and robust performance to build seamless, user-centric solutions.

TECHNICAL SKILLS

Mobile Development: Android Studio, Kotlin, Java, XML, Android SDK, Android Jetpack, Material Design

UI/UX Design: Figma, User Interface Design, Wireframing, Responsive Layouts, Prototyping

Backend & Database: Supabase, Firebase (Authentication, Realtime Database)

Cloud & Big Data: Cloud Computing Basics, Big Data Infrastructure & Concepts

Tools & Version Control: Git, GitHub, VS Code, Figma, Android Studio

KEY PROJECTS

FortQuest – Explore The Glory Of Ancients Forts Through Animation / *Java, XML, Firebase* (Major Project, 2024–2025)

- Developed a highly engaging, educational Android application dedicated to teaching ancient historical forts via rich animations and interactive media.
- Integrated automated quizzes, native video views, and micro-learning features to significantly boost user retention and active engagement.
- Implemented Firebase Authentication and Firebase Realtime Database for seamless and secure cloud-side data management.

CarrierCraft AI – Smart Career Guidance & Resume Platform / *Android SDK, Firebase backend* (Major Project, 2024–2025)

- Designed and built an AI-driven resume builder and comprehensive career guidance Android application.
- Architected clear layouts optimized for interview preparation tracking, mock test evaluations, and career path recommendations.
- Engineered a responsive Android UI/UX following clean architecture patterns to deliver smooth, modern multi-screen navigation.

IRCTC Application Redesign / *UI/UX Enhancement Project* (2024)

- Re-imagined and redesigned the official IRCTC mobile interface from scratch utilizing professional Figma workflows and Material Design 3 guidelines.
- Optimized the core booking flows, streamlined user journey maps, and improved touch-target placement to minimize user drop-off rates.

Nashik City Bus App Redesign / *UI/UX Design* (2024)

- Redesigned the localized transit application layout to elevate the overall commuter experience for Nashik city bus routes.
- Improved route visibility, live schedules presentation, and navigation structure using high-fidelity vector assets in Figma.

Other Technical Projects: **Jarvis Voice AI Assistant** (2023 - voice commands & automation features), **Food Delivery App** (2023 - responsive design & restaurant listings), and **Student Attendance Management System** (2023 - digital tracking system).

WORK EXPERIENCE

Android Development Intern – *Innovation Hub, Nashik* (3 Months)

- Gained real-world experience building enterprise-ready Android applications, optimizing legacy codebases, and collaborating with cross-functional design teams.
- Contributed directly to UI responsiveness improvements and API backend integration workflows.

EDUCATION

Diploma in Cloud Computing & Big Data

Padmashri Dr. Vitthalrao Vikhe Patil Institute Of Technology and Engineering (Polytechnic)

Aggregate Score: 79.47% (5th Sem: 75.88%, 6th Sem: 83.06%) | Passing Year: 2026

Secondary School Certificate (10th SSC)

Score: 76.40% | Passing Year: 2023

CERTIFICATIONS

- Android Development Certification – Simplilearn
- Figma UI/UX Design Certification – Simplilearn
- Python Fundamentals and Programming – Gold Medal (90%)

CORE STRENGTHS & PERSONAL DETAILS

Soft Skills: Problem Solving, Teamwork, Interpersonal Communication, Leadership, Quick Learner, Adaptability

Languages: English, Marathi, Hindi
